RIDE ON FITZKANET

BEAUCHAMP'S BAD

### BELL PUT IT ON HIM CLEANLY.

Boy on Frank Bell Outrode Fair Grounds Star-Walsh Threw Race Away on Ida Ledford.

Beauchamp, Beecham, Bowcamp or whatever Mr. Darden's \$5,000 loke of a jockey calls himself, put up the worst ride of the Twentleth Century on Fitzkanet in the Sourth race at the Fair Grounds yesterday. It does not matter how Beauchamp proneunces his name, his ride was just as rot-

Fitzkanet is the best mud runner in America. It was mud deep to his tail. He was a 4-te5 shot. Frank Bell was 3 to 1. Soundly, jed to the half. Bell was second. Beau-schamp took all the mud the front pair could cthrow. Fitzkanet could have passed Bell-iany time, but Beauchamp must pass out-side on the sinble turn. He got cut off. Fitzkanet came again and would have breezed home if Beauchamp had held his head up. But he rode him with a slack rein and the horse foundered. He would have wer anylow had he not taken him

rein and the horse floundered. He would have won anyhow had he not taken him inside of Frank Bell in the last sixteenth in the deep going and got him bumped. He drew his whip in close quarters where he couldn't use it, and threw away the reins altogether.

Firstkanet is a grand, game little horse and did his best. But Hell was right on a top of him, giving Frank Bell all kinds of a good hand ride. Fluxkanet struggled all by himself and just did lose by the nod. Odfor, under peor little Newcomb, who is supposed to be unable to ride a lick on earth, came fast at the end and almost won. With a boy to sit still and just hold his hierd up Fluskanet would have breazed home a sixteenth of a mile in front. Beauchamp's ride was the worst ever seen on a race track.

Beauchamp is a slack-rsin rider. No horse

track.

Beauchamp is a stack-rain rider. No horse tan run in the mad with a stack rein on him. Beauchamp must not be depended upon to ride in the mud.

The fifth race caused a big hubbub. Ida Ledford, the 2-th-2 favorite, was beaten by Pirate's Daughter, the i5-to-1 outsider of the lot. Ida ran over Pirate's Daughter in the stretch and should have won easily by E couple of lengths. Waish, thinking he had it won, eased her up twenty yards from the wire. The mare was carrying a Beavy impost and there had been a long fiely with the start. She was sore and weary. So when Waish eased her up she was only too willing to stop. She backed up in a faurry. O'Neill somehow mutisged to steer Pirate's Daughter around the track in decent style and kept her straight in the stretch and going hard. She won by a stopod neck. degood neck.
Ida Ledford finished outside near the

Ida Ledford finished outside near the judges and Pirate's Daughter on the rall. Y Many persons who saw that Ida Ledford had he her beaten 100 yards from the wire were surprised when the judges hung out Pirate's Daughter's number. They raised a fuss and cried "robber." The decision was eminently correct. Pirate's Daughter won. It was not every close. If Walsh had kept Ida Ledford going she should have won by two lengths. It was all the fault of twish. The steeplechase was not run over the

Twenty to the steeplechase was not run over the jumps, because some one thought that some of the dogs in it might slip and fall. Wall outclassed the lot on the flat and came home winner by an eighth of a mile. Mr. Dade had a lot of trouble getting Ice Doughty and ida Ledford off in the fifth race, and Revoke, the winner of the last race, held the field at the post thirty-six minutes. The 2-year-old field took him a long time to dispatch also, Dark Mystery fan away and the entire lot acted badly.

Bell Got Even With Beauchamp-Booksmakers Will Not Take Money. Bell, Mr. Hughes's 25 a month stable boy, certainly rubbed it into Mr. Darden's \$5,000 a year jockey yesterday. Bell got even for that fluke on Four Leaf C. and A. D. Gib-

El \_\_ran was 200 to 1 yesterday. One man starta, to bet \$30 on him at that price. He managed to get 48 on. That is all, El Mo-ran was last by a block. A game lot of bookmakers.

Mr. Darden departed for Washington Park yesterday. He took A. D. Giltson, Bruisre, J. Sidney Walker and Sloux Chief slong. The last two are youngsters.

T. P. Hayes will not go to Washington Park this season. He could win races there, but the purses in St. Louis are much surer and almost as large. Then Mr. Hayes's stable is none too ready. Crimean threw a splint in his last race, the had one, and had to be fired. Lady Strathmore needs a bit of let-up, and Buccleuth is not real good now, and could not win among real good ones if he was.

Jockey Beauchamp departed for Chicago last night in a Pullman. If he took his tiding tack along it is to be hoped that he will not draw his whip en route. If he does he will fall off the car.

Wall could have won by an eighth of a mile yesterday. Dominick eased him to a walk all through the last half mile.

On Bell's showing in races, post riding, over a distance, etc., he is the best hoy ruling at the Fair Grounds nowadaya. Once li a while Deminick does well, but he is too heavy to be useful.

Dale is not riding up to form of last sea-on. He is dead on a horse. He took off fifter pounds in three days. The drench-er if subjected himself to has weakened ain. He seemed all out and ready to fall

off Terra Incognita at the post yesterday. He could not help that horse or Prince Plenty a hit in the heavy going. There is only one way to take off flesh. That is to run and work it off by degrees, and to diet well. It is hard and it takes time, but it leaves the rider strong and fresh. Dale is a god boy, but he is inclined to be fat and loves the good things of life too well. He sould be won by either Clarence Mackey's Heno or John E. Madden's Pentecost He said yesterday that he would be willing. and be strong and good. Now it is killing him to do 110, and when he does it he is too weak and too faccid to ride well. It is a pity that Dale did not go about it right. He is a good rider and should be taking \$15 for firsts instead of \$5 for also rans right story.

Said Barney Schreiber yesterday:
"I have many inquirles about why I put Ctis's pedigree as by Foulshot or Sain-Laura Agnes, while it is certain that he is a Sain. The reason is this: We bred Foulshot to Laura Agnes in April. Six weeks later it was evident that she was not in foal. So we bred her to Sain. Naturally Otis was a late foal, a June colt. But the rules say that when two horses are bred to a mare her colt must bear the names of both. Otis is without doubt a Sain, but Laura Agnes was bred to Foulshot before she was bred to Sain, and Foulshot's name must go first in Otis's pedigree."

Tommy O'Brien rode a good race on Revoke yesterday. She seemed to be stopping at the three-eighths, but he drove her hard, saved much ground in the stretch turn and kept after her. It was one of his old-time good rides.

Wall looked like a grand pipe at 4 to 5 yesterday, but the bettors were fearful less he might suik if mud was thrown on him by other horses. So they kept off. He was too good for that lot and simply breezed in. They could not reach him at any part of it. The Native Nursery Stakes, which is the feature of a card of seven races to be run at the Fair Grounds this afternoon, is the first of a se es of races prepared for the special benefit of Missouri breeders of running horses by the Fair Association and Delmar Jockey Club. The Native Nursery has \$1,009 added. Thirty-two nominations were received at \$5 each, and five owners paid the required \$50 starting fee yesterday, making the aggregate value of the stake \$1,40.

Barney Schreiber will start both Geheimness and Mindora in the stake. Geheimness is a bay filly by imp. Sain-Theresia. She has won several races this season, and is regarded as one of the best 2-year-olds in the Schreiber stable. Theresia, the dam of Geheimness, is a Duke of Montrose mare. Schreiber bought her an a yearling and named the filly in honor of one of his sisters.

Mindora is a handsome black celt by imp. The Native Nursery Stakes, which is the

named the filly in honor of one of his sisters.

Mindora is a handsome black colt by Imp.
Sain-Park Ridge. Schreiber bought the
dam of this colt from Eugene Leigh when
the latter closed out his La Belle Stud in
Kentucky. Leigh is now in England training for Frank Gardner, one of the most successful patrons of the English turf. Dan
Honig of St. Louis used to race Park Ridge,
who was a rattling good race mare in her
day. Sarner was Park Ridge's first toal.
He was a useful racing tool last season.
Mindora promises to develop into a better
horse than Sarner. Schreiber seems to have
the Native Nursery cinched with Gehe.mness and Mindora, but the unexpected is always happening in horse races, and horsemen never count eggs before they are
hatched.

Basquil & Co.'s entry for the Native Nur-

men never count eggs before they are hatched.

Basquil & Co.'s entry for the Native Nursery is Dector Kammerer, a bay colt by imp. Woodmoss-Prue Penniston. This colt was bred by Dector A. W. McAillister of Columbia, Mo. Flora Levy is a black filly by Goldstone-Miss Birdie. Flora races in the colors of her breeders, Martin & Patton of Sturgeon, Mo. She is a full sister to that good filly, Birdie Stone. Goldstone, the sire of Birdie Stone and Flora Levy, is a baif brother to the famous race mare fithel Gray. Goldstone wen many a purse for the late J. D. Patton at the Fair Grounds. William Mulkey, the millionaire Kansas City turfman, will be represented in the Native Nursery by Ed Ball a chestnut gelding by Virge d'Or-Niobe. Ed Ball is a fair sort of a youngster.

President C. A. Tilles of the Fair Association arranged to have the running of the American Derby at Washington Park called off from the press stand at the Fair Grounds this afternoon.

W. C. Christy shipped bis 3-year-old.

W. C. Christy shipped his 3-year-old, Doctor Burns to Washington Park in charge of V. Hughes. Mr. Christy went to Chicago himself last night to see the American Derby. He has Doctor Burns entered in several stakes at Washington Park. The horse works like a roarer. You can hear him whistling across the track.

Barney Schreiber departed for Chicago ast night with Jockey Singleton, who is

Fore and Aft in the second if he will run kindly and has a boy on who will hold his head up. Never mind his last race. Coburn outrode Beauchamp 20 to 1. Christine A. will have her hands full beating Robert G. Lansing in the mud. Ed Payson will like the distance, but whether he will like the peculiar brand of mud is not known. He is by Lamplighter, and that goes, and his winning race was run on a lumpy and muddy track. Look out for Mr. Layson. He loves the distance. But with a good boy up it ought to be Fore and Aft.

Larry Wilt looks sweet in the next. Though a Wadsworth he never did go well in the mud as a 2-year-old. But he is bred to go in it. So it must be to Uterp whom we know loves it. Aegin will go well, and Nan Dora must not be forgotten. But Uterp looks like a winner.

Why not call the Native Nursery Stakes the "Schreibers?" He is the only breeder in Missouri, Gehelmness and Mindora should run one two. Ed Ball will show.

The best lot of mud horses in the world in the next race. Five to one and take your pick. Guide Rock, a stake horse in mud, is awfully good just now. Look at what Odnor did yesterday. Jordan is giving away a lot of weight. Wallabout likes it, but cannot run fast enough. It is awfully tough. Guide Rock and Odnor are fastest. Guide Rock has a pull in the weights, Jordan is fittest to go the distance. Keep away from it. It is too hard a race.

Tickful, Ignis, Pharoah and Orlandine will go well. This Pharoah, with a good boy up, will win. Tickful is a good midder, and so is Ignis, but Pharoah will beat them sure if his head is held up. This one is in with a ride.

Tom Collins anyway in the last, though Jake Webber will go well. Jake is speedy these days, and loves mud. But how can they beat Tom Collins?

JOCKEY COBURN FINED \$500. Harlem Judge Didn't Want to Deprive

Employers of Boy's Services. Chicago, June 29 .- Colonel Hamilton, presiding judge at the Harlem race track, to-day imposed a fine of \$500 on Coburn, the day imposed a fine of \$500 on Coburn, the stable jockey for G. C. Bennett & Co. In fining Coburn the judge told him it was a substitute punishment for being set down for three months because there was no desire to deprive his employers of his nervices for that length of time, as that might do them an injustice.

The fine was retroactive, Coburn repeatedly having been given minor punishments by both judge and starter for rough riding during the spring meeting of the Harlem Jockey Club.

Matters came to a head after the first race to-day, which Coburn won on the Bennett colt, Mallory, by cutting across at the start from the outside position to the rail, causing the field to puil up.

TRACK MORE OR LESS HEAVY.

Chicago, June 21-Thirteen horses are entered to start in to-morrow's American Derby, and it is likely that one or two others will be added to the list to-morrow morning, making one of the largest fields over seen in the race. The practical assurance of a heavy track may be responsible for the starting of several horses whose owners think they will have a chance in this kind of going, which they would not have

ander other conditions.

Owners do not have to make their final fecturations until 10 o'clack to morrow morning, and it is possible that some surprises may be sprung at the last moment. Entries, Jockeys and Bettlug. The list as unnounced to-night, together

with the intest besting, is as follows:

Cruzados to Start, After All. Although Owner Baldwin and Traine Splers both announced positively yesterda that Cruzudos would not start owing t that Cruzados would not start owing to the slight injury he received in the Derby trial at Hariem yesterday, they appeared to-day to change their minds and to-night they announce that there is a strong possibility that the sen of the Emperor of Nortfolk will go to the post.

There has been a quiet rumor also that the famous Santa Anita stable is counting on Escalante to carry its colors and that Cruzados is not really as good a colt as Escalante. Such are the rumars that have kept the public guessing as to what really will take place in the big race.

There is much disappointment at the promise of a inaddy track for the race. Contrary to the promise of the weather man, it raised most of to-day and it seems sure that the track will be more or less heavy.

Mud Changes Aspect of Race. chances it has become house is more of less producitied.

Charles Hill, the trainer of Heno, all along has maintained that the Mackay colt can negotiate muddy going, but he has admitted that he would prefer a fast track. Those in charge of Arsenal declare the Featherstone colt can go in the mud, but this fact cannot be guthered from races he has run. Much the same can be said of Pentecost, although the latter's supporters declare emphatically he is a good "mudder."

Hermis is pronounced a good mud horse, and it is believed Belle's Commoner can and it is believed Belle's Commoner can negotiate such going.

As to the outsiders in the race, the chances of all are supposed to be enhanced by the promise of a slow track. Prowl, the winner of the Arkansas Derby, is a selling plater on a fast track, but will start to-morrow because of the condition of the track. S. C. Hildren's Lucien Appleby has been conceded a royal chance in the big race in case of a glow track. Lord Quex, another Hildreth colt, is said to dislike slow tracks, yet he won the Crescent Derby on a slow track.

Wyeth, the Drake entry, likes this kind.

## FOREST PARK ROAD RACE FILLED WELL.

Thirty-Seven Entries Were Received for Revival of the Former Event.

RACE WILL BE RUN TO-DAY.

Old Course Will Be Followed Except at One Point and D.stance Covered Will Be Twenty Miles.

Thirty-seven entries have been received for the revival of the Forest Park road race, which will be run this afternoon, commencing at 2. The event promises to be of more interest than for several years past. Some good riders are entered. While the old course will not be followed throughout, the distance will be the same as the former races, twenty miles.

On account of stipulations by the park limit men will leave their marks promptly at 2. Starting at Blair monument, the cor testants will go west under the Wabash bridge and past Sylvan Lake, pase the old restaurant and turn south up Nigger Hill.

bridge and past Sylvan Lake, pase the old restaurant and turn south up Nigger Hill, thence continuing to the Clayton road, thence to King's Highway and back to the starting point. The only change from the old course is that the riders will turn east on the Clayton road after mounting Nigger Hill, repairs on the bridge on Sunset drive at the foot of little Nigger Hill, repairs on the bridge on Sunset drive at the foot of little Nigger Hill rendering this necessary.

Among the notables to figure in the race will be Christian Crunnet of Chicago, who is the solitary scratch man in the race. Jake Weidner and Bob Orr, the local riders, are next in limit with a hundicap of one minute each; while A. E. Keppel of Kwokuk, will start from the same mark. U. C. Keppel, the latter's brother and a crack lowarder, will start from the lour-and-one-halt minute mark.

Considerable interest has been aroused over placing the Chicago man at scratch as the performances of the Chicago riders in the former road races is well remembered. The Chicago riders always showed to great advantage on the level, but the hills in the course proved a great barrier, Nigger Hill being apparently insurmountable for many of the visitors. Unaccustomed as the Chicago men were to hills, the steepness of the ascent proved an advantage to the local men.

Although the handleap limit is ten minutes, no contestant will have the extreme figure, Miles Burke is limit man with nine minutes handleap. The course will be covered five times, making the distance twenty miles in all.

Officers for the race are: T. J. Parvin, referee; J. H. Hansen, R. J. Schooler and L. C. Jones, judges; H. G. Wolzendorf, F. F. Howard and A. G. Harding, timers; Charles Malonc, T. N. Davis and A. C.
